You Have To Get Serious Guys and Dolls!

The big news today is that Yeltsin has delivered some JFK/KGB files to Clinton and now we are finally going to discover another unsolved mystery! Yeah, sure we are. You buy that I shortly there will appear by personal courier who will promptly deliver to your home some replica of plastic cow pies that you can use as place mats for your dinner table!

(Do not forget how Clinton's character in the Tom Clancy movie "Clear and Present Dress Stain", especially where he advises Harrison Ford (played by the real Jack Ryan), . . that now you have one of the big chips in the game

. . . . the old Potomac Two Step . . .and then they danced in the Oval Office . . . .)
Well, Clinton ain't gonna dance!

Clinton is going to do exactly what his predecessors did . . .he is going to check around and " . . .put it in his pocket for another day"!

As for Professor Blakey, he wants it both ways (the mob killed JFK or Oswald dood it or JFK shot himself or there was a big, little conspiracy.

Ladies and Gentlemen of the Jury, I rest my butt!
